## PROFESSIONAL SUMMARY

Dedicated Software Engineering student with 3+ years of IT support experience in government and academic institutions. Skilled in frontend development (HTML, CSS, JavaScript) with deployed projects and a strong commitment to building clean, user-friendly web experiences. Currently seeking a junior technical role where I can contribute to government digital transformation efforts while growing as a developer.

## TECHNICAL SKILLS

**Frontend Development:** HTML5, CSS3, JavaScript, Responsive Design

**Tools & Platforms:** Git, GitHub, VS Code, Netlify, Formspree

**IT Support:** Hardware/Software Troubleshooting, Microsoft 365, Data Entry, Registry Management

**Currently Learning:** React.js, GSAP, Three.js

## PROFESSIONAL EXPERIENCE

### IT Assistant

*University of the West Indies — School of Clinical Medicine & Research*

Oct 2022 – Present

Nassau, Bahamas

- Maintain data integrity for medical registries and provide technical support to faculty and staff.
- Manage hardware and software troubleshooting to ensure consistent uptime for departmental operations.
- Support digital media infrastructure and streaming for university presentations and events.
- Handle technical documentation and assist with workstation setup and maintenance.

### General Worker / IT Support

*Ministry of Housing and Transport*

Jun 2022 – Aug 2022

Nassau, Bahamas

- Transitioned physical registry files into structured digital databases with high accuracy.
- Provided on-site technical assistance for hardware setups and workstation maintenance.

## PROJECTS

### Personal Portfolio Website [ernestforbesjr.netlify.app](https://ernestforbesjr.netlify.app)

- Designed and built a full personal portfolio from scratch using HTML, CSS, and JavaScript.
- Features responsive design, smooth scroll navigation, active nav highlighting, and a working Formspree contact form. Deployed via Netlify with GitHub CI/CD.

### Startup Landing Page [Live Site](#)

- First deployed project — a responsive startup landing page built with HTML and CSS, hosted on GitHub Pages.

## EDUCATION

### Associate of Science — Software Engineering (In Progress)

*Bahamas Technical & Vocational Institute (BTVI)*

Expected 2027

27+ Credits Completed. Coursework: Linux, Operating Systems, Programming, Advanced Web Development, Android Development.

### ICT Certification

*Bahamas Technical & Vocational Institute (BTVI)*

2018
